# Central Nevada Health District Special Events Food Establishment Application/Permitting Checklist

Central Nevada Health District (CNHD) Environmental Health Services (EHS) authorizes health permits for food establishment operators at special events throughout the City of Fallon, Churchill, Eureka, Mineral and Pershing Counties (District) and regulates the safe operation of food establishments through the inspection process. CNHD EHS and Special Event Food Establishment operators both share the same goal: to ensure that the food served in these areas is wholesome and safe.

If you are planning to conduct business as a food establishment at a special event in the District, utilize this checklist to ensure your health permit is valid and your business is ready to safely operate:

Check with your jurisdiction's Business Licensing Office to see if you need additional licenses. Use the links below to connect with each licensing office, and respective Building and Fire Departments.

- <u>City of Fallon Business License</u> or call 775-423-5104
- <u>Churchill County Business License</u> or call 775-423-7627
- <u>Eureka County Business License</u> or call 775-237-5263
- Mineral County Business License or call 775-945-2446
- Pershing County Business License or call 775-273-2700

] Secure an approved and permitted kitchen for advance food storage and/or preparation - not applicable if all food preparation and dishwashing occur on-site at the event

- All food storage and/or preparation that occurs in advance of the special event must occur in a
  permitted, commercial kitchen.
- All equipment and utensil washing that occurs before or after the special event must occur in a permitted, commercial kitchen.
- A permitted, commercial kitchen is not required for operators that wish to purchase food/beverage items the day of the event, prepare all food/beverage items on-site at the special event, and wash all equipment and utensils on-site. Vendors may be asked to verify food/beverage purchasing dates at time of inspection. Vendors that do not have access to a 3compartment sink at the special event must receive prior approval for a 3-tub system for dishwashing.

#### Apply for a Health Permit using the Application for Special Events Food Permit

- To allow adequate time for processing, please submit applications at least 15 business days prior to the start of the event. Applications and payments submitted within 7 business days of the event may be charged a late fee. Applications and payments submitted within 2 complete business days of the event will not be accepted. Permits will only be issued when both the application and payment are complete. Without a valid permit to operate, the vendor will not be able to serve food at the event. Permit fees can be viewed on the <u>CNHD</u> webpage.
- For questions regarding the applications, contact CNHD EHS by calling 775-867-8181.

ENVIRONMENTAL HEALTH SERVICES 485 West B Street Fallon, NV 89406 775-867-8181

#### Successfully complete a Pre-Event Interview

• Once all application forms are received and processed, you can expect to be contacted by an EHS inspector to review your menu and proposed booth set-up.

## Permit Issuance: food preparation and sale can begin

- <u>Independent and small events</u>: once the pre-event interview is conducted, the inspector will
  notify the applicant if the permit is approved. If approved, food preparation and sales can
  begin.
- <u>Larger events with multiple food establishment permits</u>: an on-site opening inspection may be required prior to permit issuance. Food preparation and sales must not commence prior to approval of the opening inspection.

## Operational inspection(s) conducted by EHS inspector at the special event

- Inspections are unannounced as they are intended to provide the inspector with an adequate representation of routine operations at the food establishment.
- The number of inspections that will be conducted depends on the number of days the food establishment is in operation and the risk level of the foods being prepared.
- Special Events Food Establishments that are determined to be out of compliance with foodservice requirements may be subject to re-inspections as needed.
